

Left Side Right Side Brain

Down from Merthyr
Sleeping rough in Cardiff
Young stud on the loose
Looks tasty

Self harming women
Constant bingeing
Hostel dweller
Left care

And when the party's over
He'll go back to have another look
at the misses and the kid,
or maybe the parks are paved
with more than bottles and issues
some small, some hard
most of them big.

She's loose and free
except for the lacerations.
