

Me and the Boys

Smash
Outside the door
Benjy's on top of Verge
Piggy back style
Punching his head
He's still standing

Break it up
The kid goes out the door
Verge is pushed into the office.

Wait up
Health and safety has not been paramount
Why is the pick-axe handle behind the desk
Verge goes for it
It's in his hand

I'm in the door
"you're not leaving with that!"
He slaps it in his palm
Other palm
Slap
Slap
"gonna stop me"
No

Later. He's outside the white lion
Tanking up
Leaning on the pick-axe handle
I don't bother asking for it back.
